LEBANON, PA., August 17 .- The Mount Gretna, near this city, to-day -listened attentively to a remarkable discourse by the great Brooklyn preacher, Rev. T. DeWitt Talmage, who arrived Piedmont, Ga., where he spoke Wednesday last. The subject was one peculiarly suited to the vast audience, being on "Farming a Gospel Type." I Kings, xix, 19: "Elisha, the son of Shaphat, who was plowing with twelve oxen before him, and he with the twelfth."

Representatives of the great Farmers associations from all parts of the country are at the encampment, preparations for which have been going on months in advance. The surrounding densely-populated counties of Pennsylvania are also fully represented. To-day's services were held in the open air. An immense choir, from the churches of Lebanon, led the music. Rev. Dr. Talmage spoke as

Farmers of America! Accept my salutation. Our text puts us down into the plow's furrow, where many of us have been before. My boyhood passed on a farm, and my father, a farmer, your style of life is familiar to me. One of my earliest recollections is that of my father coming in from the hot harvest-field exhausted, the perspiration streaming from his forehead and chira and fainting on the door-sill, and my mother resuscitating him, until seeing the alarm of the household, he said, "Don't be frightened. I got a little tired, and the sun was hot, but I am all right now." And I remember mother seated at the table, often saying, "Well, I am too tired to eat!" The fact is, that I do not think the old folks got thoroughly rested until they lay down in the grave-yard back of Somerville, to take the last sleep.

Again, I remark, in grace as in the an inaccuracy or a mistake, instead of farm there must be a reaping. Many Christians speak of religion as though it and damning thing that God hates, that were a matter of economics or insurance. They expect to reap in the next world. Uh, no! Now is the time to reap. Gather up the joy of the Christrian religion this morning, this afternoon, this night. If you have not as much grace as you would like to have, thank God for what you have, and pray for more. You are no worse enslaved than Joseph, worse scourged than was Paul. Yet, amid the rattling of fetters, and amid the gloom of daugeons, and amid the horror of shipwreck, they triumphed in the grace of God. The weakest man here has 500 acres of spiritual joy all ripe. Why do you not go and reap it? You have been groaning over your infirmities for thirty years. Now give one round shout over your emancipation. You say you have it so hard; you might have it worse. You wonder why this great cold trouble keeps revolving through your soul, turning and turning, with a black hand on the crank. Ah, that trouble is the grindstone on which you are to sharpen your siekle. To the helds! Wake up! Take off your green spectacles, your blue spectacles, your black spectacles. Pull up the corners of

Again, I remark, in grace as in farming, there is a time for threshing. I tell you bluntly that is death. Just as a farmer beats the wheat out of the straw. so death beats the soul out of the body. Every sickness is a stroke of the flail, and the sickbed is the threshing floor. What, say you, is death to a good man, only taking the wheat out of the straw. That is all. An aged man has fallen asleep. Only yesterday you saw him in the sunny porch, playing with his grand-children. Calmly received the message to leave this world. A DAY OF CRIME IN KENTUCKY. Magistrate Killed in His Own Cour

Room-Other Murders.

LOUISVILLE, Ky., August 19.-An epidemic of murder seems to be sweeping over this State. Four sensational killings were reported to-day, with other Counties to hear from. In Harlan the Howard Turner feud has broken out afresh, and Bob Pope, one of the Turner sympathizers and a County is offered for the arrest of John Scott. who aimed the gun that laid Pope low A couple of nights before the shooting occurred an ox belonging to Pope was found dead, with a rifle bullet through its body. Leonard Scott was suspected of doing the deed, and was accordingly arrested and brought before Pope as the nearest magistrate for trial. Pope refused to try the man for the killing of his own ox, and ordered him taken to Harlan Court House. Scott refused to go. In the meantime John Scott, a brother of Leonard, came to the house. He carried a rifle and a shotgun, and on entering set them both down. After some parley Leonard Scott seized the rifle and, declaring he would never be taken away for trial, fired it point blank at the magistrate. The shot missed its mark, and Pope then rushed for his gun to defend himself, but at this moment the other Scott took a hand with the shotgun, and emptied the contents of one barrel into Pope. The gun was loaded with birdshot and the entire contents entered the man's groin.

Pope was a son-in-law of Judge Lewis, the leader o: the Lewis faction formerly known as the Turner. In the famous Howard-Turner feud the Scott ooys are said to be Howard sympathizers. The Scotts made their escape, and, although Judge Lewis has offered a reward for their capture, they have thus far baffled the efforts of the officers.

The third affair was in the nature of assassination. Willis Bell of Oldham County was shot from ambush while on his way home from Lagrange. His brother-in-law, Jack Maxfield, with whom he was not on good terms, is accused of the crime. Maxfield has been arrested.

The fourth murder occurred in Henry County, and was peculiarly atrocious, the object being robbery. B. F. Taylor was the victim. Yesterday he rode into Sulphur and drew \$40 from the bank with which to make some purchases. About dark he turned his horse's head homeward. The banks of a creek, which lay in his way and was near his farm, are covered with a dense growth of short, stubby shrubbery. Just as he reached a place where the creek could be forded two men sprang from the bushes into the path. Both were masked, and while one of them grasped the bridle rein the other pressed the point of a pistol to Taylor's temple and commanded that your mouth as far as you pull them he hand over his money. Mr. Taylor, down. To the fields! Reap! reap! without replying, seized the highwayman, wrenched the pistol from his grasp and was about to shoot him, when the man holding the bridle suddenly struck him a terrible blow in the stomach with a club. Like a log he fell to the ground, and, after emptying his pockets, the scoundrels left him for dead, but the horse, which had become frightened at the struggle, dashed off toward the iarm. The empty saddle told the sons of Mr. Taylor that something had happened to their father, and they started on the hunt for him. He was soon found, and this morning he was

did not abate, and he proposed an elope-

ment and a marriage at a neighboring minister's and she offered no objection. He was to meet her about eight o'clock at night in the grounds of the seminary and take her in a carriage to the minister's house. The young man took his brother into his confidence. John was delayed by something happening, and George went to the grounds to quiet the young ady's anxiety. When George reached the rendezvous he found the girl already at the appointed spot and anxiously awaiting her lover. The night was yery dark, and as soon as he came in sight she mistook him for his younger brother-whom he very much resembled-and flew into his arms. Vithout correcting her he lifted her nto the buggy in which he came and drove to a friend's, where they were married. This was made possible by the peculiar marriage laws of South Carolina, which neither requires a marriage license nor a minister to perform legal ceremony, but simply to consent n the presence of two witnesses. The girl had not seen the face of the man ne had married until he carried her to his home, and when she discovered her fatal error she was crazed ...th grief. Mrs. Glymph succeeded in keeping the matter a secret. Two daughters were born to the Glymphs, but soon George began to maltreat his handsome wife. When John Glymph heard of this he took a house near the Glymphs, in order to protect his former sweetheart if there should be occasion for so doing. He did so once and was shot and killed by his brother. George was arrested, but was acquitted on a technicality. Fifteen Senators Opposed to the Election Bill's Passage.

Washington, Aug. 14.—The fourth in the series of Republican senatorial night and was as ineffuctual as any of the preceding caucuses so far as definite esults are concerned. It was the most important caucus yet held, the most largely attended and the most pointed in the matter of speeches made. Thirtynine senators were present and with the exception of Senator Cullom, who was ill, and Senator Sawyer, every one remained till adjournment—a very unusual proceeding.

There was an extreme diversity of views manifested and the caucus adjourned simply because an agreement was impossible. It was a very unharmonious meeting. Senators Quay and Cameron both made speeches and strongly represented the political inexpediency of doing anything with the Federal election bill at present and urged the necessity of early adjournment from a party standpoint. Senator Aldrich also was on the and persented to the rescuer, who had no side of those who desired adjournment and was spokesman for those senators | the risk of his own. The latter made a strong speech, which some denominated "reading the riot act." He warned the senators that they must meet the issue squarely. The elections bill must be passed now—at this session—or not at all. It would be futile to go before the country with any statement that this bill would be passed at the next session. It was of supreme importance that it should be passed at once. His remarks brought out sharp remarks from several of the opponents to the

The discussion showed that there was a greater number of senators than has been generally supposed who for one reason or another are willing to adjourn without the election bill being acted on The number of these senators is placed at fifteen. Finally about 10:30 an adjournment was proposed, and was finally forced by a majority vote. This was the only vote taken. A general understanding prevailed among the senators that nothing should be given to the public as to the caucus, and they referred all newspaper men to Senator Edmunds, who is well known as an opponent of publicity in such matters. The Vermont senator was chairman of the

THE Governer of South Carolina has been making some remarks to the President of the United States. The Governor appointed two Demorats, instead of one Republican and one Democrat, as commissioners to the World's Fair, as the law provides. His attention was called to the matter by the President, and the Governor repled that he appointed two Democrats because there was no Republican in the State of South Carolina to whom he was willing to intrust so responsible a duty. The law on the subject is plain, however, and the question now is whether the commission of one of the commissioners from South Carolina is not invalid. Unless a Republican is appointed South Carolina will probably be the only State in
